Questions from Parents

Planning for next year

1. When will we be informed about their teachers for next year?
2. When will P1 children learn about their new classes?
3. Will the children have any interaction with their new teacher before the summer?
4. How will they/we know which classroom to go to?
5. I'm concerned about my P1 child going into P2 into a new class, with a new classroom and no buddy. How can we/you make this easier for them?
6. If children are at different academic levels due to lockdown, what is being planned to address this?
7. Given the recent events in the US and the importance of understanding ourselves to end injustices like this, what, if anything, is included on the curriculum for Black Scottish History?

Return to School in August

8. Will children return on August 11?
9. When schools open what is the weekly pattern of attendance likely to look like?
10. Will children attend for full days?
11. Will siblings attend on the same days?
12. Are the breakfast and after school clubs going to run?
13. If children are only to attend on certain days, will there be any opportunity to take parents' circumstances (work, study, etc) into account when allocating the days?
14. What if both parents work and cannot work from home, meaning that longer term school at home is not possible and we have no childcare?

15. Is learning at home still likely to be a part of school (i.e. will the children be set work for the days that they are not in school)?
16. If learning at home is likely to continue, can we increase the amount of direct interaction with teachers?
17. Can virtual teams be created so that children can work remotely and still have interaction with their classmates?
18. Can outdoor learning be further incorporated?
19. Are school trips likely to be able to go ahead?
20. Will children be expected to wear masks? Will teachers be wearing them?
21. What is being planned for dropoff and pickup?
22. Do you have any idea how long blended learning is likely to last?

Supporting the school

23. How is morale amongst teachers and staff? How are you all feeling about returning to school?
24. What do you need to make blended learning work? Is this forthcoming from the Council?
25. Do you have any idea of what the school budget is likely to be? Are the proposed cuts still happening?
26. Are there any resources that parents could help with? Or any skills that we might be able to provide, either at the planning stage or next year?
